

Role and Reference Grammar*

Version: September 1, 2010

This is a continuing bibliography of works relating to Role and Reference Grammar. Included are advancements to the theory, applications to particular languages, reviews and critiques. Entries are not restricted to published works, but include manuscripts and unpublished theses and dissertations as well.¹ Since this is a work in progress, any additions, corrections, comments, or suggestions are welcomed, and can be sent either to ktora@yorku.ca, cgonzalv@uc.cl or vanvalin@buffalo.edu.

The most recent news on developments in RRG can be found at the RRG web site (<http://linguistics.buffalo.edu/people/faculty/vanvalin/rrg.html>), which also provides links to downloadable RRG works.

Additionally, there is an RRG discussion list, which can be joined through RRG-list@listserv.buffalo.edu.

Kiyoko Toratani & Carlos González Vergara

* The working bibliography of Role and Reference Grammar was originally created and maintained till Spring 2008 by Craig Kopris, to whose work we are very grateful. The graphics on this document are adapted from a poster designed for the 2007 International Conference on Role and Reference Grammar hosted by the Instituto de Investigaciones Filológicas, the Universidad Nacional Autónoma de México, México City, 6-10 August, 2007. The original art work was created by an artist Alberto Ibáñez who owns the copyright. We thank him for allowing us to use his work for this document.

¹ Presentations are not included in this version. A separate document that contains information on the past RRG conferences can be accessed at the RRG web site.

Notes

¹ This is an alphabetical listing of references. The author's last name under the entry is indicated by boldface. When there are multiple works by the author, a short line "———" is used to signify the author's name for the second time downward. Co-authored works on RRG are listed under each author's name.

² Entries dealing with languages other than English can be followed by a list of included languages in small print when the information is not indicated in or obvious from the title.
